Of Lincoln county, is a candidate for the nomination for State Senator in this district, subject to the action of the democratic party.

Next Saturday afternoon at 2 o'clock, standard time, precinct conventions will be held in Lincoln county as well as in the other counties of this Congressional district to name a candidate for Congress. It is well known that Lincoln county has a candidate in the person of Hon. Harvey Helm, a splendid gentleman, an unswerving democrat and a well equipped aspirant for the honor. There is no trouble in Lincoln county and every precinct will instruct for Mr. Helm, but let's make our choice as decisive as possible in Mr. Helm's home county by every democrat participating in the conventions. It is a busy time with farmers, we know, but certainly there is no democratic farmer in this good county who would not give an hour's time for the benefit of one of her citizens who has given so much of his time and his means to the party of parties as Mr. Helm has. Let's let the news go out to the other counties that all, or nearly all, of the 1,800 democratic voters of Lincoln endorse Mr. Helm's candidacy and are for him to a man. Let's let the outside world know how much we think of our splendid entry in the Congressional race. We will thus honor ourselves by honoring a man who has led the democratic hosts of the county to victory in many a political fight. We owe it to Mr. Helm to go to our voting precincts en masse next Saturday afternoon, June 25, at 2 o'clock, standard time, and say in no mistakable terms that we are heartily for him, because he is our county man, because of his valiant services for the democratic party and because of his eternal fitness for the honor he seeks.

SENATOR FAIRBANKS need not fool himself into believing that his acceptance of the second place on the republican ticket will put him in line for the White House. Men big enough to be president do not accept the vice presidency until they have given up all hope of ever getting the first honor.

THE court of appeals affirmed the judgment of the Jefferson common pleas court, dismissing the suit brought by Auditor's Agent Frank A. Lucas, of Paducah, against the Bank of Commerce, seeking to assess and tax the deposits of individuals in the bank. The whole court considered the case on appeal and Judge Thomas H. Paynter delivered the opinion of affirmance. The ruling of the court, which is of wide interest and importance, settling the law and dismissing about 300 cases filed against as many banks in the State, is that banks are not required to pay taxes on deposits with them or assets which represent it, and that as trustee or bailee in possession they are not under a duty to list the property sought to be assessed by the proceedings instituted. The proceedings instituted by Agent Lucas were three in number; first, to compel the banks to list property sought to be taxed upon the theory that the bank owns it; second to list it as trustee; third to list it as bailee in possession.

THE Richmond Register is still doing splendid work for Hon. Harvey Helm in his race for Congress. Its editorials giving many reasons why Madison should instruct for him are strong and convincing arguments and are having splendid effect. Brers. Pickles and Myers are making legions of friends by their loyal support of our county man and are making votes for Mr. Helm right along. Let the good work continue.

NIGGER domination in the republican party took Booker Washington into the White House to eat possum and corn bread and nigger domination in the same party will take Roosevelt out of it.

A LOUISVILLE brute beat his wife because she would not let him pawn her false teeth for whisky. Judge Lynch should hold a session of court in the Falls City at once.

With harmony prevailing, no dissensions whatever, Kentucky was never in better condition to roll up an old-time democratic majority and in the nation there was never a better outlook for an overwhelming democratic victory—Owen County Democrat.

Much dissatisfaction is expressed by the patrons, both Republican and Democratic, over the appointment of a negro rural mail carrier at Lexington. It is alleged the appointment is the result of a promise to Jordan C. Jackson, the negro politician, by Republican machine leaders.

The commission charged with the preparation of a currency system for Panama has reached an agreement in Washington which establishes a coin equivalent in fineness and weight to the dollar of the United States as the standard, and which also makes the United States dollar legal tender in Panama.

One of the St. Louis papers started a boom for Gov. Beckham for temporary chairman of the democratic national convention and a host of reporters sought interviews on politics and feuds in Kentucky and the democratic situation in national affairs as he views it. To all the governor gave the same answer—that his trip to St. Louis at this time was purely official and social, and that he was not being interviewed.

Bobbitt For Helm.

CRAB ORCHARD, KY., JUNE 20.—To the voters of the Eighth Congressional district: Having made a few speeches last fall, I now deem it necessary to state that having three worthy gentlemen seeking the nomination for that honor, and one a friend from my own county of Lincoln, Hon. Harvey Helm, I shall not be a candidate before the Shelbyville convention June 28th. Yet should the delegates fail to agree on a candidate and should insist upon me, I shall not decline the nomination. But I want to notify all aspirants now that I shall be a candidate in 1906, and shall open my campaign this fall.

Famous Crab Orchard Springs.

As the heated term approaches, the thought arises, where shall I go to seek rest and quiet and find pleasant days and cool nights? This can be easily answered. Crab Orchard Springs for nearly a century has proven a model summer resort, and this season promises to be the best in its history. There health and happiness can always be found. The famous Crab Orchard water, (from which is made Crab Orchard Salts), Sulphur, Ghalysbente, Magnesia, etc., all flow from large springs close to the Springs Hotel. A new Krypton Well has been opened and the use of the Salt Sulphur Well at depot has been secured.
